NOTES

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The interim condensed consolidated financial statements for the six months ended 30 September 2009 are prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing Securities (the “Listing Rules”) on the Stock Exchange of Hong Kong Limited (the “SEHK”). The accounting policies and the basis of preparation adopted in the preparation of the interim financial statements are consistent with those used in the preparation of the Group’s annual financial statements for the year ended 31 March 2009, except as described below. In the current period, the Group has applied, for the first time, the following new and revised Hong Kong Financial Reporting Standards (“HKFRSs”, which included all Hong Kong Financial Reporting Standards, HKASs and Interpretations) issued by the HKICPA which are first effective for the current accounting period of the Group.

HKFRS 1 and HKAS 27 Amendments	Amendments to HKFRS 1 <i>First-time Adoption of HKFRSs</i> and HKAS 27 <i>Consolidated and Separate Financial Statements – Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate</i>
HKFRS 2 Amendments	Amendments to HKFRS 2 <i>Share-based Payment – Vesting Conditions and Cancellations</i>
HKFRS 7 Amendments	Amendments to HKFRS 7 <i>Financial instruments: Disclosures – Improving Disclosures about Financial Instruments</i>
HKFRS 8	<i>Operating Segments</i>
HKAS 1 (Revised)	<i>Presentation of Financial Statements</i>
HKAS 23 (Revised)	<i>Borrowing Costs</i>
HKAS 32 and HKAS 1 Amendments	Amendments to HKAS 32 <i>Financial Instruments: Presentation</i> and HKAS 1 <i>Presentation of Financial Statements – Puttable Financial Instruments and Obligations Arising on Liquidation</i>
HK(IFRIC) – Int 9 and HKAS 39 Amendments	Amendments to HK(IFRIC) – Int 9 <i>Reassessment of Embedded Derivatives</i> and HKAS 39 <i>Financial Instruments: Recognition and Measurement – Embedded Derivatives</i>
HK(IFRIC) – Int 13	<i>Customer Loyalty Programmes</i>
HK(IFRIC) – Int 15	<i>Agreements for the Construction of Real Estate</i>
HK(IFRIC) – Int 16	<i>Hedges of a Net Investment in a Foreign Operation</i>
HK(IFRIC) – Int 18	<i>Transfers of Assets from Customers</i>
HKFRSs Amendments	<i>Improvements to HKFRSs issued in 2008</i>

The adoption of the new and revised standards, amendments and interpretations, except for HKAS 1 (Revised) and HKFRS 8 as described below, has had no material effect on the reported results and financial position of the Group for the current or prior accounting periods.

HKAS 1 (Revised) introduces changes in the presentation and disclosures of financial statements. The revised standard separates owner and non-owner changes in equity. The statement of changes in equity includes only details of transactions with owners, with all non-owner changes in equity presented as a single line. In addition, this standard introduces the statement of comprehensive income, with all items of income and expense recognised in profit or loss, together with all other items of recognised income and expense recognised directly in equity, either in one single statement, or in two linked statements. The Group has elected to present two statements.

HKFRS 8 requires segment disclosure to be based on the way that the Group's chief operating decision maker regards and manages the Group, with the amounts reported for each reportable segment being the measures reported to the Group's chief operating decision maker for the purposes of assessing segment performance and making decisions about operating matters. The standard also requires the disclosure of information about the products and services provided by the segments, the geographical areas in which the Group operates, and revenue from the Group's major customers. The adoption of this standard did not have any effect on the financial position or performance of the Group.

The Group has not early applied new and revised HKFRSs that have been issued but are not yet effective.

2. SEGMENT INFORMATION

For the purpose of resources allocation and performance assessment, the Group's senior management reviews operating results and financial information on an entity by entity basis. As the Group is principally engaged in the manufacture and trading of eyewear products in the People's Republic of China including Hong Kong ("the Greater China") and each entity is manufacturing and trading similar products to the same group of customers. The Group's operating segments are aggregated into a single reportable segment and accordingly no separate segment information is presented.

The following table presents the revenue of the Group by the geographical location of customers:

For the six months ended 30 September 2009, revenue of approximately HK\$73,410,000 (2008: HK\$108,040,000) is derived from a single external customer.

As at 30 September 2009 and 31 March 2009, all of the Group's non-current assets are located in one geographical location, which is the Greater China region, accordingly, no further analysis of the Group's non-current assets is disclosed.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group's business operation for the six months ended 30 September 2009 was still significantly affected by the global financial crisis. Consumer confidence has not fully resumed, especially in the Group's two largest geographical markets, Europe and North America. As such, customers are cautious when placing orders, and therefore turnover in these two markets dropped by 28.85% and 32.77% respectively as compared to that of the corresponding period in 2008. As a result, the Group's turnover decreased by 26.06% to HK\$208,775,000 when compared to HK\$282,369,000 in the last corresponding period.

The shortage in the supply of labour forces in Southern China during the latter part of the period under review had affected the manufacturing operation of the Group, which in turn has slowed down the recovery of the Group's turnover.

With effective control over costs, the pressure on the Group's gross profit margin due to the decrease in turnover has been mitigated. The Group's gross profit margin has slightly improved. The Group's profit attributable to equity holder of the Company dropped by 33.52% to HK\$9,784,000 as compared to that of last period, which was partially due to the decrease in turnover and partially due to the significant decrease in the share of profit of associates, as a result of the reclassification of the Group's unlisted equity investment from an associate to available-for-sale financial assets on 1 January 2009.

PROSPECT

Although it is anticipated that full economic recovery will take some time, market sentiment has improved, and signs of economic upturn have been seen in the third quarter of 2009. Barring unforeseen circumstances, the Group is cautiously optimistic about its business operation for the rest of this financial year as orders from existing customers have rebounded lately.

The Group expects that the labour shortage problem may not be resolved in a short period of time due to the increase in customer orders. To cope with this situation, the Group will streamline its production process to better utilise its manpower and will step up the selective automation process.

Furthermore, the Group will reinforce its sales efforts to strengthen its relationship with its existing customers and will at the same time actively solicit new customers, so as to compete for more market share. The Group will continue using its cost control methods to reduce costs at all level to ensure its profitability.

LIQUIDITY AND FINANCIAL RESOURCES

As at 30 September 2009, the Group continued to maintain a strong financial position with cash and bank balances of HK\$111,319,000 (31 March 2009: HK\$78,119,000) and without any bank borrowing (31 March 2009: Nil). The Group's equity attributable to equity holders of the parent as at 30 September 2009 amounted to HK\$515,974,000 (31 March 2009: HK\$516,086,000). The Group's gearing ratio, calculated on the basis of total bank borrowings as a percentage of equity attributable to equity holders of the parent, was nil as at 30 September 2009 (31 March 2009: Nil).

FOREIGN CURRENCY RISK

The Group conducts its business transactions mainly in Hong Kong dollars, Renminbi and the U.S. dollars. It is subject to certain foreign exchange impacts caused by the appreciation of Renminbi. The Group has not entered into any foreign exchange contract. However, the management closely monitors foreign exchange exposure.

EMPLOYEES AND REMUNERATION POLICY

As at 30 September 2009, the Group employed 4,774 (30 September 2008: 6,041) full time employees in China and in Hong Kong. Salaries, bonuses and benefits are determined with reference to market terms and the performance, qualifications and experience of the individual employee, and are subject to review from time to time.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

There was no purchase, sale or redemption of the Company's listed securities by the Company or by any of its subsidiaries during the period.

CORPORATE GOVERNANCE

During the six months ended 30 September 2009, the Group has adopted and met the Code Provisions as set out in the Code on Corporate Governance Practices (the "Code") in Appendix 14 of the Listing Rules on the SEHK, except for the following deviation:

Code Provision A.2.1 stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. The Company does not have any officer with the title "chief executive officer". Mr. Hui Leung Wah assumes the role of both Chairman and Managing Director of the Company and he is in charge of the overall management of the Company. The Company does not have a separate Chairman and Managing Director as Mr. Hui currently holds both positions. The Board believes that the combination of the roles of Chairman and Managing Director can promote the efficient formulation and implementation of the strategies of the Company, which will enable the Group to grasp business opportunities efficiently and promptly. The Board also believes that through the supervision of its Board and its Independent Non-Executive Directors, a balancing mechanism exist so that the interests of the shareholders are adequately and fairly represented.

The Company has set up a remuneration committee in June 2005 to review and determine the remuneration packages of the directors of the Company, and to make recommendations to the Board on the Company's policy and structure for all remuneration of Directors and senior management and on the establishment of a formal and transparent procedure for developing policy on such remuneration. The Remuneration Committee comprises three Independent Non-Executive Directors.

The Company has also set up a nomination committee in June 2005 to review the structure and composition of the Board on a regular basis. The committee assists the Board to fulfill its supervisory role over the Group in nominating new directors to the Board and assessing the performance and skills of Directors.

MODEL CODE FOR SECURITIES TRANSACTIONS (the "Model Code")

The Company has adopted the code of conducts regarding directors' securities transactions on terms no less exacting than the required standard set out in the Model Code in Appendix 10 to the Listing Rules. The Company, having made specific enquiry, confirms that all Directors complied throughout the period with the required standard set out in the Model Code and the Company's code of conduct regarding Directors' securities transactions.

AUDIT COMMITTEE

The Company has an audit committee which was established in compliance with Rule 3.21 of the Listing Rules for the purpose of reviewing and providing supervision over the Group's financial reporting process and internal controls. The unaudited interim condensed consolidated financial statements of the Group for the six months ended 30 September 2009 have been reviewed by the Company's audit committee. The audit committee comprises Mr. Poon Kwok Fai, Ronald, Dr. Tam Hok Lam, Tommy, PhD, JP and Mr. Wong Chung Mat, Ben, JP, the Independent Non-Executive Directors of the Company.

APPRECIATION

The Board would like to take this opportunity to express its deepest gratitude to all of the staff for their contributions, support and dedication. The Board would also like to thank our customers, shareholders, bankers, suppliers and other business partners for their continuous support.

By order of the Board
